

LET'S ROLL IN 2022

Cycle St. Louis is excited to begin ramping up opportunities and activities for individuals with disabilities. While the safety of our participants, their families and supporters is of primary concern, each individual and family should assess their personal risk of participating. Be safe and take applicable precautions based on your situation.

Cycle St. Louis Becomes a Program Under Recreation Council of Greater St. Louis

Cycle St. Louis has recently transitioned to the Recreation Council of Greater St. Louis as one of their programs, since this initiative is consistent with their current mission and activities. This allows Cycle St. Louis to seek donations and grants to support important activities, including:

- Maintaining key partnerships with groups like Trailnet to make cycling more inclusive
- Placing adapted cycles on local trails
- Planning and executing the **Gateway Cup Ride to Unite**
- Increasing awareness about the importance of cycling for EVERYONE

The group of Cycle St. Louis Partners (listed below) will remain intact and serve as key resource for the Recreation Council. Sue Fleming, Executive Director of the Recreation Council said, "Our board and team are excited about the new opportunities to advocate for more cycling options for individuals with disabilities. Stay tuned for more information in 2022."

Adapted Cycles Placed at Bike Stop Cafe in St. Charles

Cycle St. Louis recently moved cycles (hand cycles, trike, wheel chair bike, etc.) from Katy Trail Bike Rental in Defiance to the Bike Stop Cafe in St. Charles, which will make them available to more users. These cycles are now part of Bike Stop's rental program. For more information contact Bike Stop at (636) 724-9900 or see this [link](#). Cycle St. Louis will continue to explore placing adapted cycles at strategic locations in our region.
